Classic Boat Show

The Federation "PolyClassics" is represented at the Classic Boat Show with a stand and an Albin Vega, PolyClassic avant la lettre. The Show will be held at 4, 5 and 6 november in Enkhuizen. Over 150 exhibitors will be present. Main subjects: Yachtmaintenance, refit, suppliers, sailmakers and a lot more. A "must" for Vega skippers!

Modern Classics Regatta

From 9-11 September the 5th "Modern Classics Regatta" was held in Maasholm on the Schlei. (Germany) The Modern Classics organisation is a German version of the Dutch "PolyClassics". This year Rainer Rafalski (German Vega-organisation) participated with his Vega 2591 "Lyan". Rainer became 19th in a field of 39 yachts. He did a lot more Vega promotion in Maasholm: On his mainsail he showed the film "Berserk" about a Vega voyage to Antarctica. Check the logo for the website.

Do you have "Spaghetti" electricity onboard?

A solution could be the "CAN-Bus system" as installed on Waterkampioen's "Tijgerhaai". With permission of the Waterkampioen magazine you read all about it on Vegazeilers.nl "Technische zaken" ex Waterkampioen nr 22/2010. "On a small yacht you only need 1 unit and 1 panel to deal with the entire electricity system".

Help, we sink!!

Have you, over the years, installed a new valve on your Vega? Paul Stevens rings the bell! The teacher of the renowned Int'l Boatbuilding Training College in Lowestoft warns for the danger of unfit valves.

Read here on his website about bronze, DZR (Dezincification resistant messing), and "normal"

messing. Do your valves show pink spots already? After reading, you know that "sink" means in fact "de-sink".

10 Vega's for sale!!

Do you know people who always wanted an affordable and good sailing sailingyacht?

Check Vegazeilers.nl and the site of our German sisterorganisation. At this moment 10 Vega's are being offered for sale. Spread the word!
